MEMORANDUM FOR THE RECORD

25X1A

SUBJECT

Utility Bldg. [REDACTED]

(see other side)

1. Ref. (a) Telecon between [REDACTED] and [REDACTED] 8 Apr 69 25X1C
- (b) Telecon between [REDACTED] 8 Apr 69 25X1A

2. [REDACTED] will notify its field personnel of the approval, with comments, of the plans and specifications by telegram to speed up construction prior to wet weather. 25X1A 25X1C

3. Commo was advised of the above

Chuck - should we advise field separately that

- a Plans & Specs divid & approved by 25X1C
- Log & Commo 25X1C
- b [REDACTED] notified of Approval
- c We assume local [REDACTED] rep will be directed to proceed in very near future. ??

usually we do this just as a courtesy to keep them advised on status. - up to you

Bob,

a) I don't think we ~~we~~ (RECD) should advise the field as Commo has done that with a short one sentence cable.

b) The [REDACTED] was advised during the originally referenced telecon that the reason for quick approval action was to complete the excavation, foundation construction, and backfilling prior to expected raining season as advised ~~from~~ by the Commo field troops. For info purposes, the field already has an acceptable low bidder so construction can start quickly.

Chuck.
